

Installation Guide for Windows

Welcome to BLiINK App Installation Guide

In order to experience the features of BLiINK, please follow the following simple steps to install the desktop app.

Step 1: Download BLiINK Installer

Please launch your internet browser and visit www.bliink.ai.

Click on **Try For Free** button, then choose operating system (Windows) and click on **Download for Windows** after signing in. The installer should start downloading.

Step 2: Locate the Downloaded File

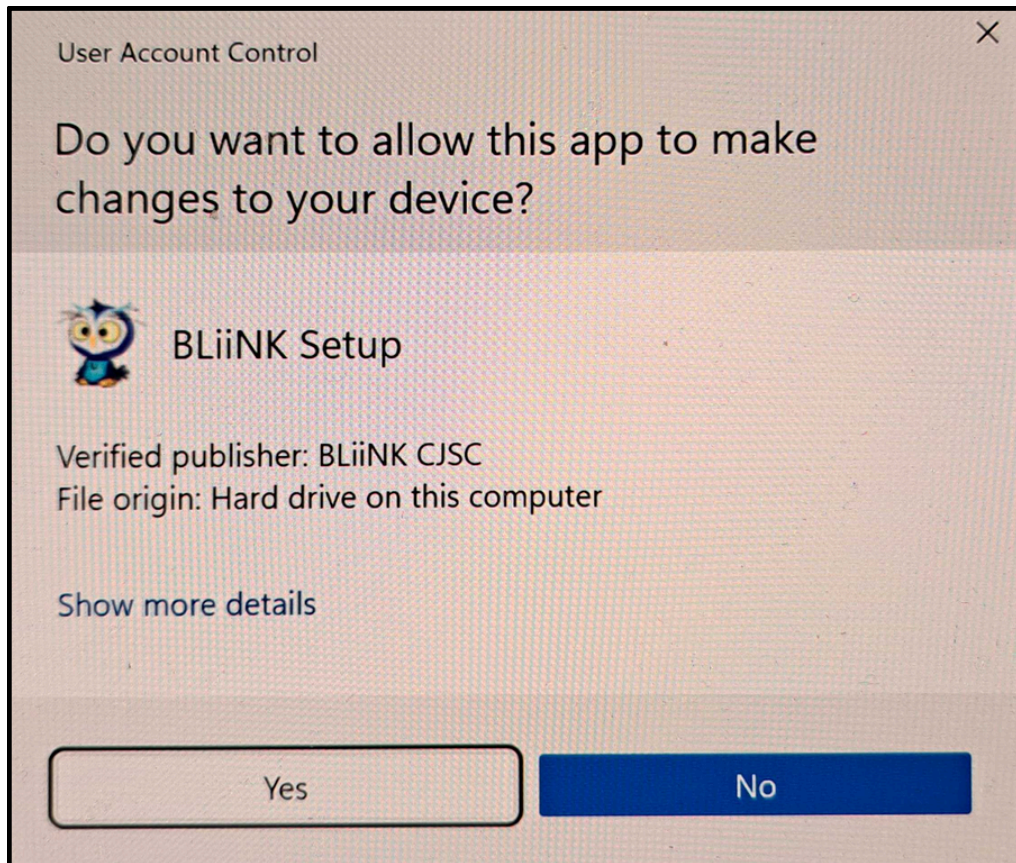

Once the download is complete, the installer file (BLiINK_Installer.exe) is typically saved in your "**Downloads**" folder.

Step 3: Run the Installer

Look for the BLiINK_Installer.exe file in the Downloads folder (or in the folder you selected to save the downloads). Double-click on the **BLiINK_Installer.exe** file to start the installation process.

Step 4: Security Warning (if applicable)

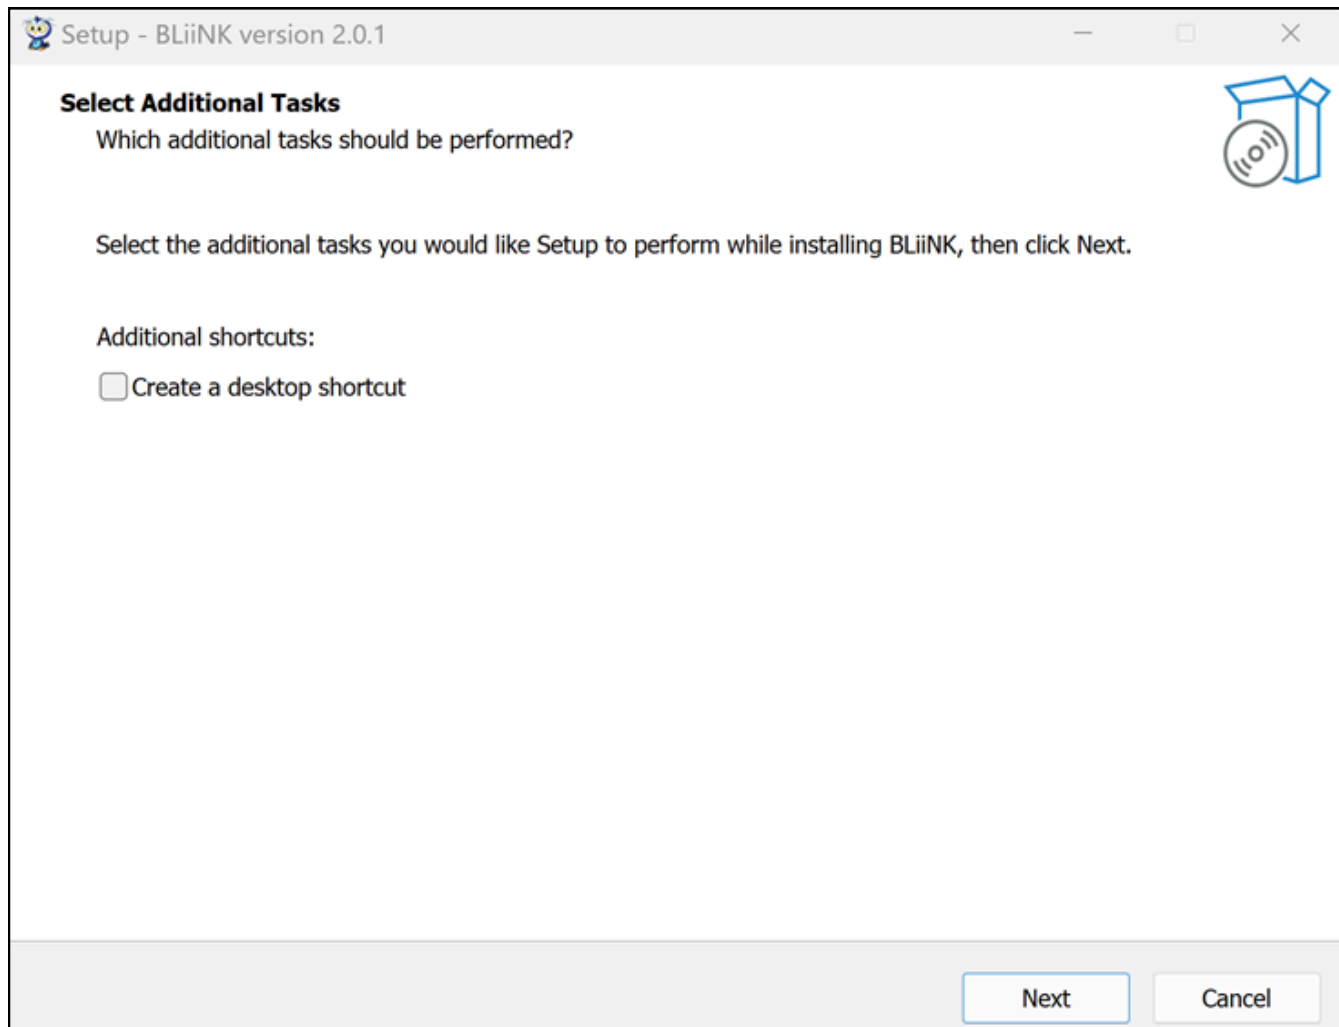

Depending on your computer's security settings, you may see a security warning. Click "Run" or "**Yes**" to proceed.

If you encounter an uncommon warning, select "**More info**" to view the organization's name and license. Afterward, proceed by clicking "**Run Anyway**."

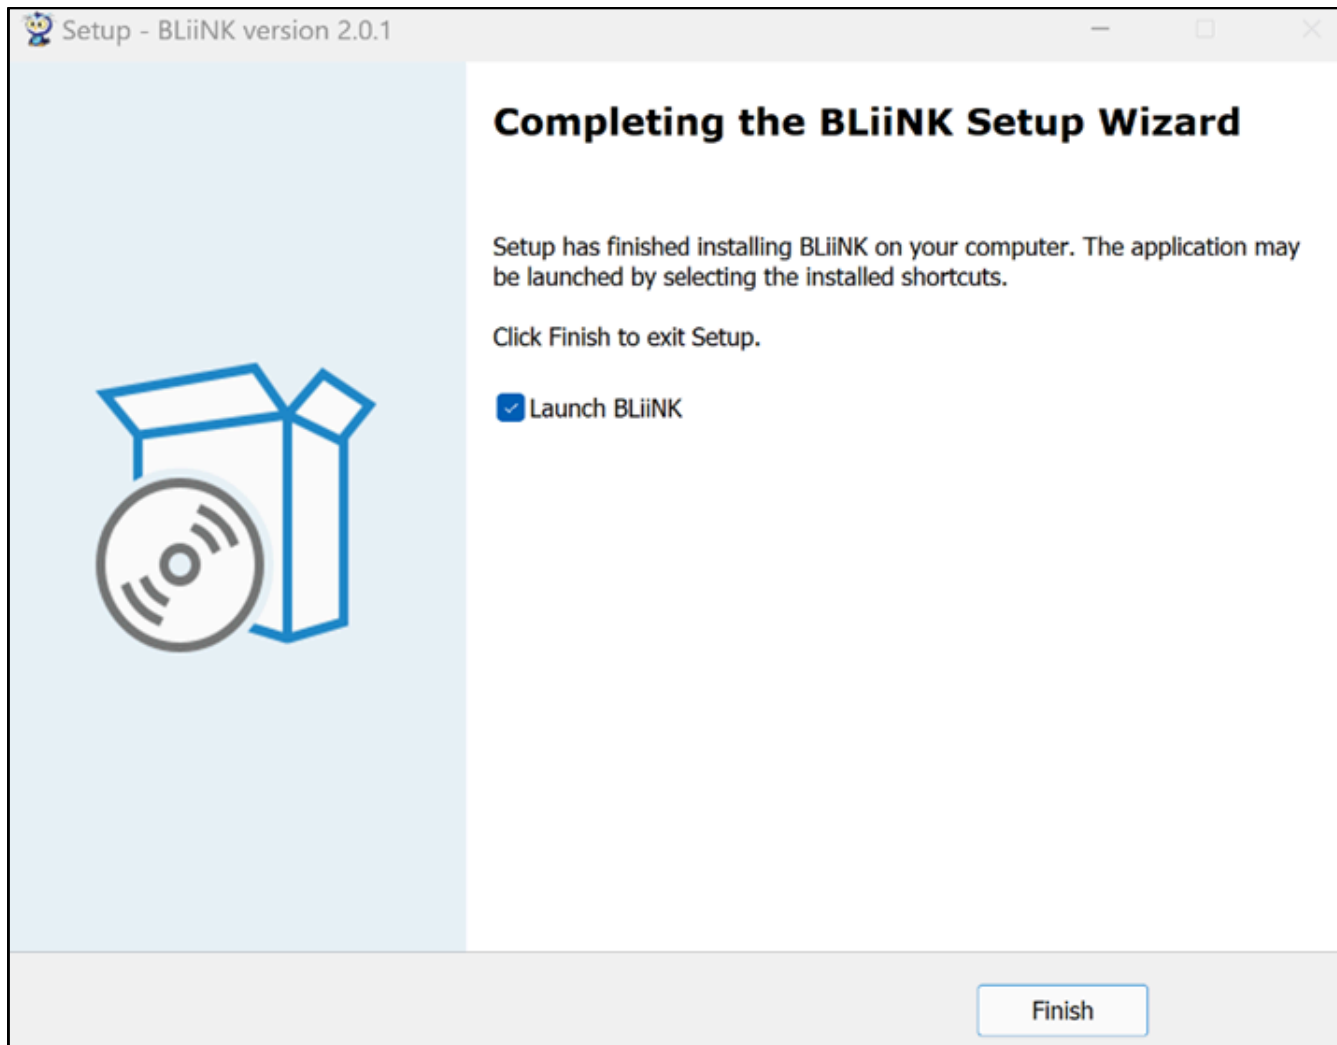

Step 5: Security Warning (if applicable)

Upon selecting **"Yes"** or **"Run Anyway"** , the subsequent window will be displayed. Please click on Create a desktop shortcut (optional) and push on **"Next"** button.

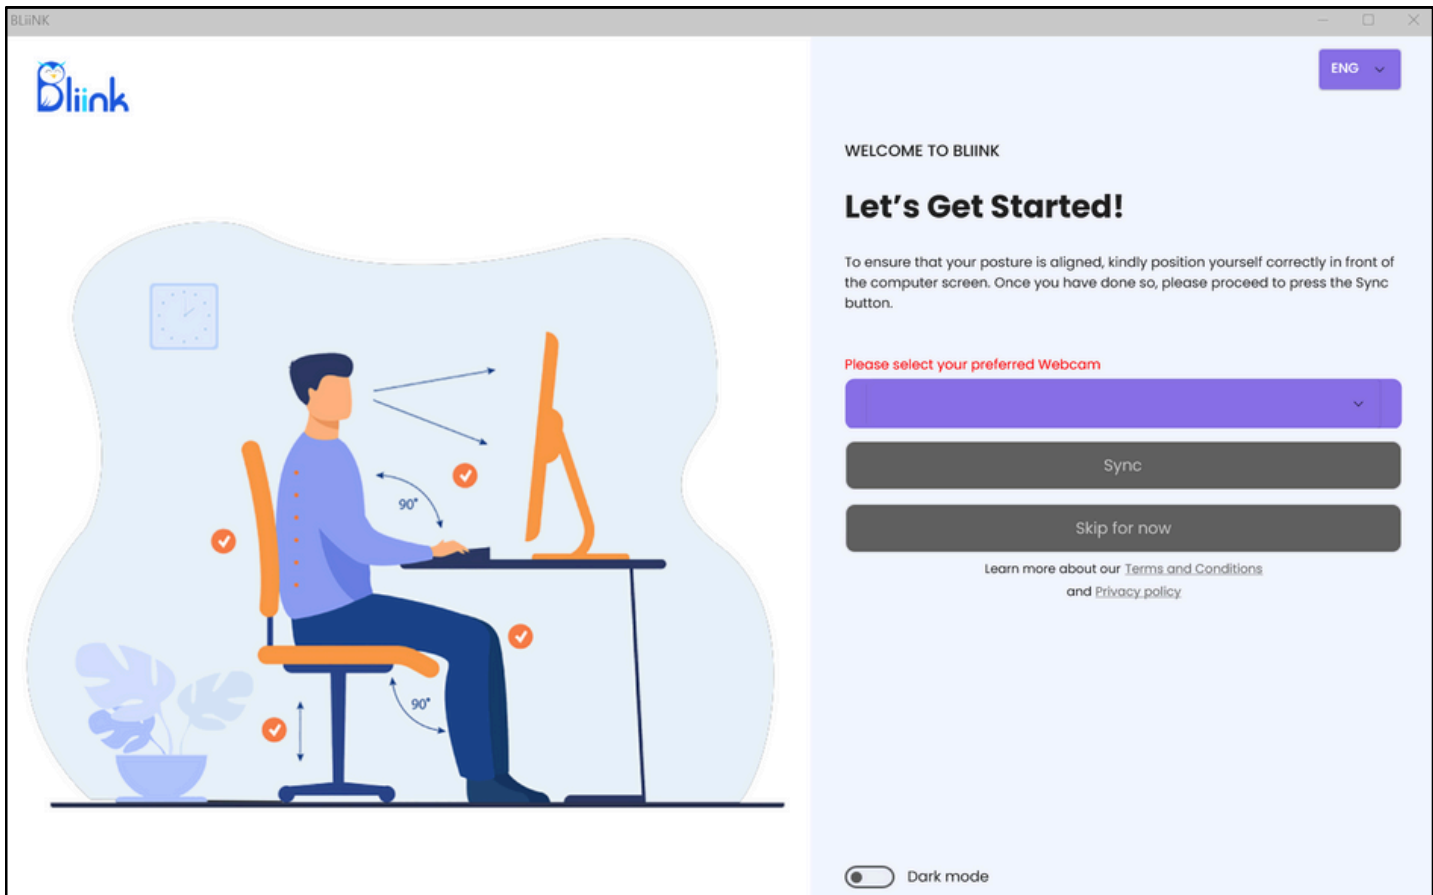

Step 6: Installation is Complete

Following the installation instructions, you should receive a completion message. Ensure to choose "**Launch BLiINK**" if you want it to start automatically. Then click on "**Finish**".

Step 7: Lets Get Started

After finishing the installation process, the initial launch will reveal a window. If you are utilizing an external webcam, kindly choose the relevant webcam from the available options list.

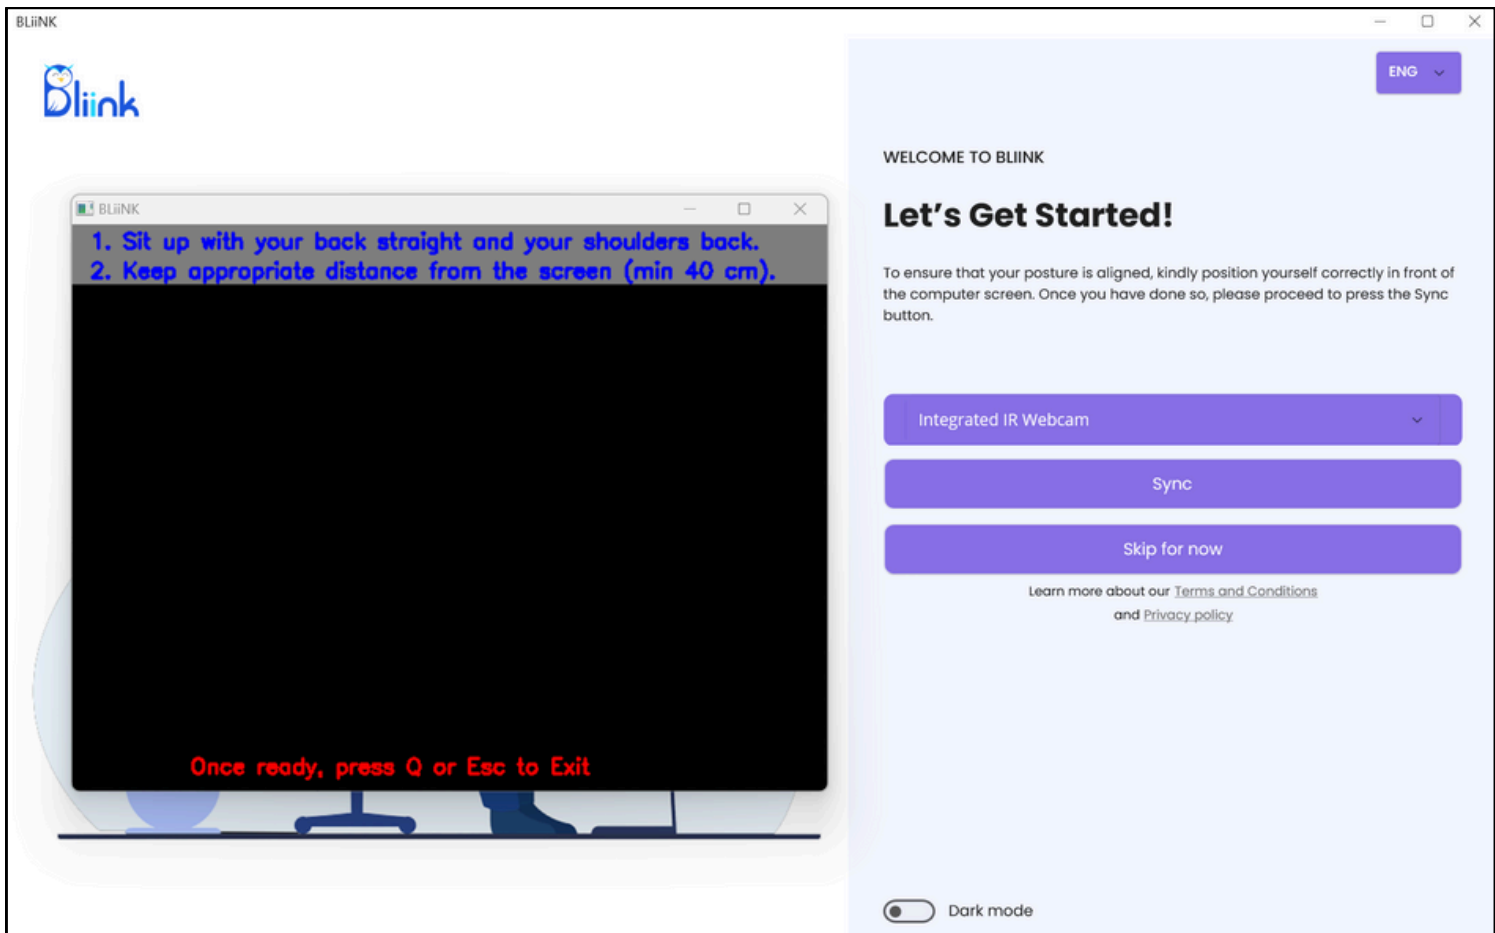

To configure the app according to your workplace, click on the "**Sync**" button. Alternatively, you can click on "**Skip for now**" button and make configurations later from the app.

Step 6: Adjusting algorithm

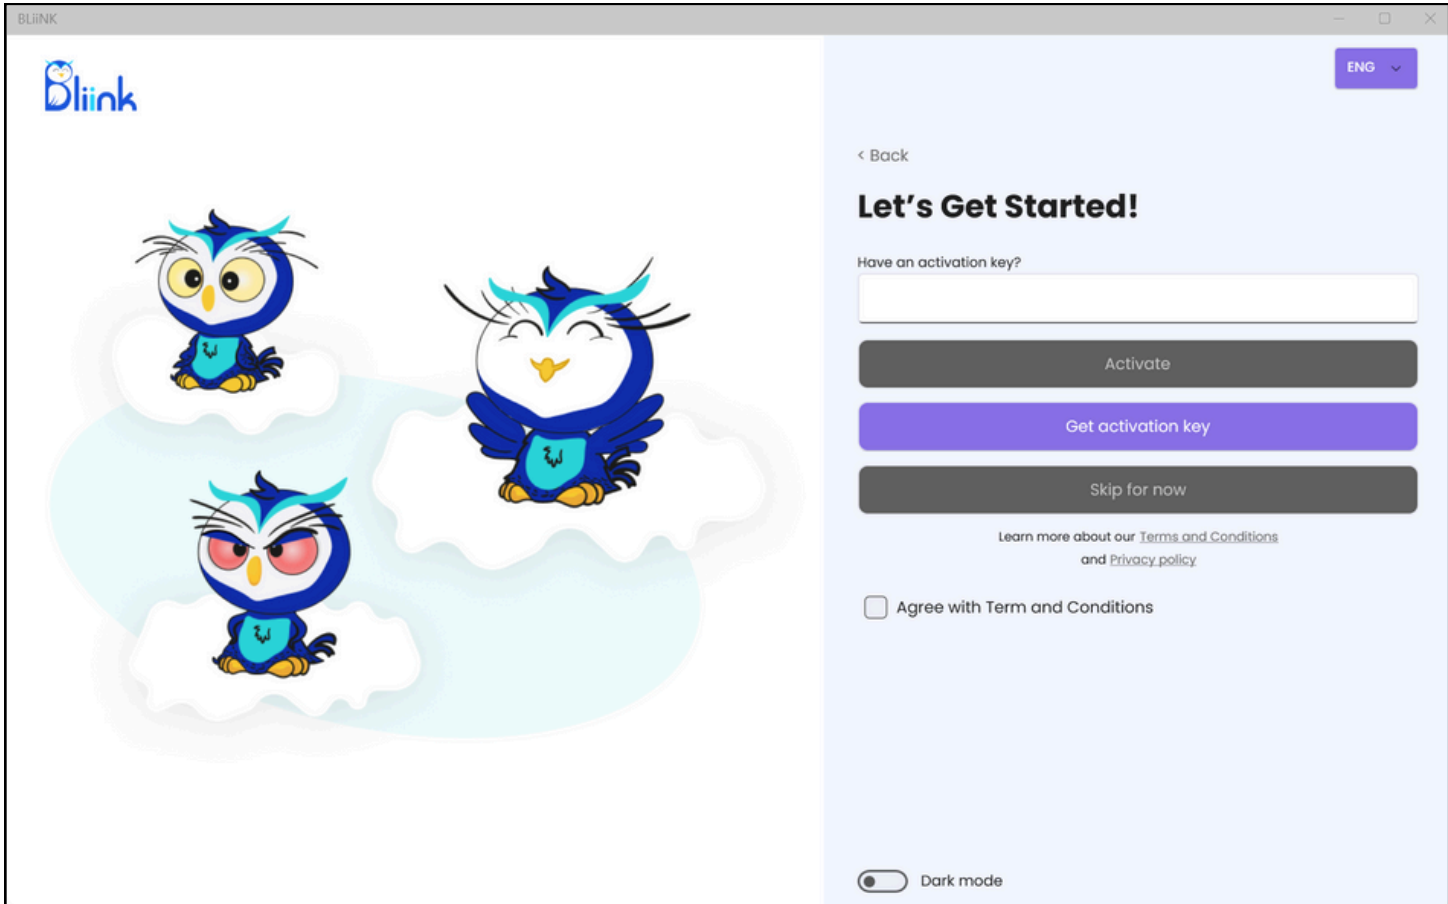

Adjust your working desk as similar as possible to the picture, then sit in a correct way, click on the frame and then press **"Q"** or **"Esc"** to exit.

If you are using external webcam, make sure, that your head and shoulders are visible in the frame. Alternatively you can skip this part and make adjustments later, from the app.

Step 7: Activate and finish

After syncing part, the following window will appear. Please read **Terms and Conditions** part and select **Agree**.

If you possess the **Activation key**, input it into the designated box and click "**Activate**". Alternatively, if you don't have the key, you can click on "**Get activation key**" and purchase it from our webpage.

You can also opt to press the "**Skip for now**" button if you want to use 3-day Free Trial.

If you have any questions, please reach out to us via email or social media.

That's it! Thank you!
